

# *New Leaf Recovery*

Alliance Health Center's **New Leaf Recovery** programs offer a structured group setting to help those diagnosed with chemical dependency or a dual diagnosis of addiction with a mental illness such as depression or anxiety. Patients in this program are medically stable and able to be helped on an outpatient basis — so that life goes on.

*Offering three options:*

**Intensive Outpatient Program (IOP):  
three days a week**

Intensive Outpatient therapy helps the chemically dependent patient gain knowledge and insight into addiction, recovery and relapse prevention. The program offers support until the patient is comfortable with living life on life's terms, free from the use of mood-altering chemicals.

**New Leaf  
Recovery**

**Partial Hospitalization Program (PHP):**

**Five days a week from 8:30 a.m. to 4:30 p.m.**

Partial Hospitalization therapy offers the patient a chance to maintain life while working to recover from problems with alcohol and/or drugs. Upon successful completion of the program, each patient receives a certificate. Employers and others needing proof of completion are notified at the patient's request.

**30 to 90 Day Recovery Program:**

**With lodging available; to address addiction and mental health issues**

New Leaf Recovery accepts Medicare, private insurance and private pay and is open to men and women 18-years-old and older.

**In Crisis? Call 601.483.6211 or 1.877.853.3094 NOW.**
